

March 2023 Newsletter

Dear Students and Parents:

Remember, **Tuition and Extra Recital Fees are always due by the 1st day** of each month. If your card on file does not clear **after the 5th, a Late Fee of \$10 or 10%, whichever is greater,** will be added to the next month's statement on any account with a balance. We do need everyone to pay tuition on time. It is the only way we are able to have our studio. Thank you!

Video fees, which pay for the filming of the recital, and your child's recital video, were due with January tuition. **Printer fees**, which pay for your child's picture in the recital program book, were due with your February tuition. If you have two or more children, they will appear in **one** photo in the book. **If you would like your children in separate or individual pictures, you must pay an additional \$80.00 for each child by March 15th.** We begin putting the program book together at this time, so we must know by then. **Recital fees** are due March 1st and it will be \$110.00. Everyone gets six tickets per show.
